WATER, MEGACITIES AND GLOBAL CHANGE

1st - 4th December 2015, UNESCO HQ, Paris

FIRST INTERNATIONAL CONFERENCE DEDICATED TO WATER IN MEGACITIES

**Vulnerabilities, access to water and
sanitation, innovations, governance:**

**What are the impacts of global change
in current and emerging megacities?
How to address these issues?**

This conference will bring together scientists,
water utilities, political representatives,
policy makers and civil society.

For more information, please visit:
eaumeга2015.sciencesconf.org

Deadline for call for papers: 1st april 2015

An international conference
organized in partnership
with Arceau IDF, an association
of water actors of the metropolitan
region of Paris, supported
by public territorial entities.
