

#CLIMATE[💧]
IS WATER

#CLIMATEISWATER event:

Water to mitigate climate change: Beyond the obvious

Tuesday 29th August
16:00pm – 17:30pm
Room: NL Music Hall

The event will be followed by a cocktail at the
World Water Council / 8th World Water Forum booth

Come and Meet us!

CLIMATE AND WATER, A PERMANENT INTERCONNECTION

- Climate change impacts water resources first and foremost
- Water security is key to climate adaptation
- Water underlies many low-carbon solutions
- Urgent action is needed to increase visibility for water within the Global Climate Action Agenda and the overall UNFCCC processes

Join us,
let's spread
the word that
#ClimateIsWater!
