

## "Let It Be / For water" –

water song for water day on COP23

*inspired by the Beatles*

### Verse 1

When I find myself in times of trouble  
and climate change comes to me  
Together we can make it  
For water

And in my hour of darkness  
Climate change is in front of me  
Together we can make it  
For water

### Chorus

For water, for water, for water, for water  
There can be an answer  
For water

### Verse 2

And when the broken-hearted people  
Living in the world agree  
There will be an answer  
For water

For though they may be parted there is  
Still a chance that they will see  
There will be an answer  
For water

For water, for water, for water, for water  
There can be an answer  
For water

For water, for water, for water, for water  
There can be an answer  
For water

For water, for water, for water, for water  
There can be an answer  
For water

### Verse 3

And when the night is cloudy  
There is still a light that shines on me  
Shine until tomorrow  
For water

I wake up to the sound of music  
Mother Mary comes to me  
Speaking words of wisdom  
For water

For water, for water, for water, for water  
There can be an answer  
For water

For water, for water, for water, for water  
There can be an answer  
For water

For water, for water, for water, for water  
There can be an answer  
For water  
Whisper words of wisdom  
for water
